Years 1 and 2 Bournda Visit

Dear Parents and Caregivers,

This term, students are learning about living things. To complement our current conceptual unit, students have the opportunity to participate in a hands on program delivered by Bournda Environmental Education Centre. During the program, students will explore the external features of living things, how to improve local environments to encourage living things to thrive, as well as, how living things change as they grow. They will also look at the life cycles of living things and classify living things through the use of microscopes and other tools.

Date of incursion:

1/2K and 2B: Week 8 Wednesday, December 2nd 2020

1N, 2U and 1S: Week 9 Tuesday, December 8th 2020

Cost to participate in the program: \$4

Students will be participating in the program on school grounds during regular school hours. Please ensure your child has a broad brimmed hat, suitable footwear and a drink bottle.

Please return your child's note and money to the front office no later than **Wednesday, November 25th 2020.**

Yours Sincerely
Vanessa Bain
K-2 Assistant Principal

Years 1 and 2 Bournda Visit

Please return this note to the office by Wednesday, November 25th 2020
