

Stage 2 and 3 Homework

Monday 11th February, 2019

Dear Parent/Guardian,

This term students in Years 3-6 will be using the online resource [StudyLadder](#) as a homework task. Teachers will set up tasks that align with learning in the classroom for students to practice at home. Allocated tasks will cover a range learning areas from the NSW curriculum. Teachers will be able to log on and observe student progress.

As this is an optional task, it is completely up to you if your child engages in using this resource. Stage 2 and 3 teachers also encourage a regular reading routine and multiplication table practice at home.

Each student in Years 3-6 will receive a username and password this week for StudyLadder, and appropriately levelled tasks will be set to commence on Monday of Week 4 (February 18).

Logging on Information

Students will be shown how to access tasks in class this week. Below is a step by step list of how to get started. If you have any questions please don't hesitate to contact your child's teacher or talk to us about homework in the 3-Way-Conferences.

1. <https://www.studyladder.com.au/>
2. Click Log in
3. Enter username and password
4. Complete set tasks.
5. Students are then able to complete any set tasks in any order of their choosing.

Sincerely,

Ben Kirk

Stage 2 & 3 Relieving Assistant Principal
