

COVID-19 Case Notification

Monday May 16, 2022

Dear School Community,

Our school has been advised that members of our school community have recently tested positive to COVID-19.

Students in **Year 1** and staff who worked with this group of students may have had contact with a person who was infectious with COVID-19.

While testing and isolation for people who have had contact with a person who has tested positive for COVID-19 is no longer mandatory for exposures in school settings, NSW Health has provided advice on testing and isolation recommendations for our school communities following exposure to COVID-19 that should be considered when making decisions for your child and family.

You are reminded that staff and students cannot attend school if they are showing any symptoms of COVID-19. These include fever, cough, sore throat, shortness of breath, runny nose, loss of smell/taste, fatigue, muscle/joint pains, diarrhoea, nausea/vomiting, extreme tiredness, unexplained chest pain or conjunctivitis (eye infection).

If symptoms occur at any time, you should not attend school and should undertake a rapid antigen test.

If a rapid antigen test is positive you/your child should isolate as someone who has tested positive to COVID-19. If you cannot access a rapid antigen test, you can attend a PCR (nose and throat swab) testing clinic.

You must register any positive test on the [Service NSW website](#) or [Service NSW app](#) so you can be linked to important health care support and advice. Parents and carers are reminded to please ensure that you select your school name when prompted when registering a positive test result for your child.

The safety and wellbeing of our staff and students are paramount at all times. As such, we will continue to closely follow the advice from NSW Health.

Thank you for your support.

Yours Sincerely

Janelle Hodsdon

COVID-19 Case Notification

Monday May 16, 2022

Dear School Community,

Our school has been advised that members of our school community have recently tested positive to COVID-19.

Students in **Years 3 and 4** and staff who worked with this group of students may have had contact with a person who was infectious with COVID-19.

While testing and isolation for people who have had contact with a person who has tested positive for COVID-19 is no longer mandatory for exposures in school settings, NSW Health has provided advice on testing and isolation recommendations for our school communities following exposure to COVID-19 that should be considered when making decisions for your child and family.

You are reminded that staff and students cannot attend school if they are showing any symptoms of COVID-19. These include fever, cough, sore throat, shortness of breath, runny nose, loss of smell/taste, fatigue, muscle/joint pains, diarrhoea, nausea/vomiting, extreme tiredness, unexplained chest pain or conjunctivitis (eye infection).

If symptoms occur at any time, you should not attend school and should undertake a rapid antigen test.

If a rapid antigen test is positive you/your child should isolate as someone who has tested positive to COVID-19. If you cannot access a rapid antigen test, you can attend a PCR (nose and throat swab) testing clinic.

You must register any positive test on the [Service NSW website](#) or [Service NSW app](#) so you can be linked to important health care support and advice. Parents and carers are reminded to please ensure that you select your school name when prompted when registering a positive test result for your child.

The safety and wellbeing of our staff and students are paramount at all times. As such, we will continue to closely follow the advice from NSW Health.

Thank you for your support.

COVID-19 Close Contact Advice

Monday May 16, 2022

Dear School Community,

Our school has been advised that members of our school community have recently tested positive to COVID-19.

School Staff who worked with this group of students may have had contact with a person who was infectious with COVID-19. Several Staff members across different stages and learning groups have been identified as close contacts and all necessary precautions and procedures are currently in effect.

While testing and isolation for people who have had contact with a person who has tested positive for COVID-19 is no longer mandatory for exposures in school settings, NSW Health has provided advice on testing and isolation recommendations for our school communities following exposure to COVID-19 that should be considered when making decisions for your child and family.

You are reminded that staff and students cannot attend school if they are showing any symptoms of COVID-19. These include fever, cough, sore throat, shortness of breath, runny nose, loss of smell/taste, fatigue, muscle/joint pains, diarrhoea, nausea/vomiting, extreme tiredness, unexplained chest pain or conjunctivitis (eye infection).

If symptoms occur at any time, you should not attend school and should undertake a rapid antigen test.

If a rapid antigen test is positive you/your child should isolate as someone who has tested positive to COVID-19. If you cannot access a rapid antigen test, you can attend a PCR (nose and throat swab) testing clinic.

You must register any positive test on the [Service NSW website](#) or [Service NSW app](#) so you can be linked to important health care support and advice. Parents and carers are reminded to please ensure that you select your school name when prompted when registering a positive test result for your child.

The safety and wellbeing of our staff and students are paramount at all times. As such, we will continue to closely follow the advice from NSW Health.

Thank you for your support.

Yours Sincerely
